Online Safety App and Management Portal

As a Safer School, you can receive a customised version of our multi-award-winning App to engage and communicate with your school. This digital one stop shop provides everything you need to make children and young people safer online, providing the information and advice when you need it, where you need it. **It's in your pocket!**

Key features include:

- Your school's brand, logo and photo.
- Integration of your school news, calendar, policies and social media channels.
- Push notification technology to communicate messages to your school through your portal.
- Survey & Absence Reporting.
- Age-appropriate online safety advice and signposting to help.
- CPD certified safeguarding courses including Safeguarding Level 1 & 3 Refresher, Mental Health Awareness and more.
- Quick quizzes and digital tests to reinforce, evidence and audit learning.
- Prompts, alerts and online safety warnings directly to your device.
- Our Safety Centre – learn how to block, report and set safety and privacy settings on popular online platforms.
- Intelligent prompts – with age-appropriate safety messages and guidance to help.
- UK GDPR Compliant.

New Features 22/23

- Multi-school and user login.
- Reporting a safeguarding concern.
- Third party integrations (e.g. Class Dojo, Google Classroom, and School Online Payments).
- App analytic dashboard and school travel tracker.
- News builder and digital noticeboards.

And much more

Training

Credible and cost-saving CPD certified safeguarding webinars delivered by online safety experts and complimentary access to our online learning platform, iAcademy, for staff and secondary-aged pupils. Professional development for safeguarding professionals, created by safeguarding professionals.

iSAT (Ineqe Self-Assessment Tool)

Our unique self-assessment toolkit will enable you to conduct regular online assessments of your safeguarding practice. iSAT supports schools in developing bespoke action plans, automatically prompting, and providing evidence of audit and oversight.

Reputation Management

This service will support you to maintain oversight of your school's online reputation. Using advanced social listening tools to track and monitor in real-time, our research analysts deliver termly reports and alerts that support you to understand your digital imprint and sentiment. This opt in service will be available to new and existing Safer Schools.

Cyber Security Basics

Delivering advice and training this service provides Safer Schools with regular updates and alerts on cyber security threats, risks, and trends such as phishing, scams, and impersonation / whaling. This includes supporting schools in their preparation to achieve Cyber Essentials Certification, reducing the risks associated with data breaches.

Resources

Every registered Safer School gets immediate and unlimited access to our online safety shareables and resources through our award winning online Teach and Home Learning Hubs. From lesson plans to crib notes on trusted adults, to PowerPoints, to activity sheets on Bullying and Image Sharing.

There's a resource for you!
