

**Circle all of the things that Jack did to keep himself safer while playing the Space Pirates game**

Talked to his mum	Checked the age rating
Accepted every friend request	Downloaded it without asking his mum
Listened to his mum's advice	Played the game all day long
Only played with friends he knew really well	Took breaks

If you could make your own video game, what would it be and how would you make it as safe as possible for you and your friends to play?
