Create an Account

Follow these steps on either a desktop or mobile device.

Step 1

 **Open your browser and type the URL shown into the bar at the top.**

 **Launch the app by tapping the icon on your home screen. Then select your role.**

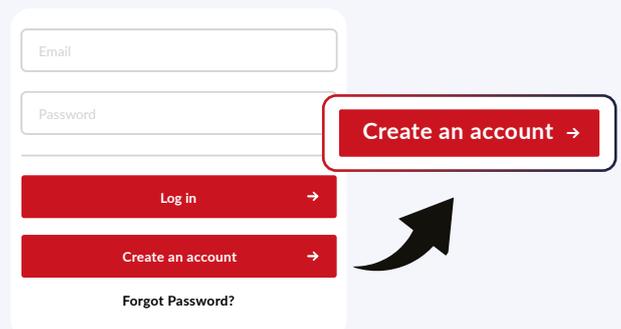

Step 2

 **Click the 'Register here' blue text under the 'Login' button to access the register screen.**

 **On the next screen, tap the 'Create an account' button.**

Step 3

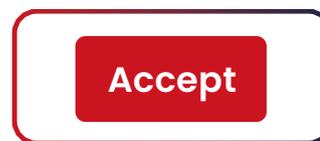

Type in your information (name, email and password), then click 'Create Account' or tap 'Register'.

Step 4

Read through the Terms and Conditions, then click 'Accept'.

Your account has now been created, and can be used to log in to both the mobile and web app platforms!

Add a School

Follow these steps on either a desktop or mobile device.

Step 5

Click the 'Please select an organisation' dropdown menu and find your school.

Tap the 'Search Bar', type in the name of your school and then tap 'Continue'.

Step 6

Scan the QR Entry code or enter the four-digit pin number provided by your School.
